DETAILED ACTION

Allowable Subject Matter

Claims 1-20 allowed.

The following is an examiner's statement of reasons for allowance: As noted in previous correspondence, the prior art does not disclose the specified arrangements of elements or the plurality of individual elements within the stimulating light cut filter. In addition, the reflective layer disclosed in prior art is not formed on the surface of the element that absorbs the stimulating light.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicant's arguments, see Remarks, filed 30 Sept. 2005, with respect to claims 1, 2, 10, and 11 have been fully considered and are persuasive. The rejection of claims 1, 2, 10, and 11 has been withdrawn.
